

Kochi police hold session on cyber café security

Our Bureau

Kochi, Dec. 18

The Kochi City Police and Ideacts Innovations, a Cyber Café Solutions Company that develops Internet applications, on Friday addressed the City's Cyber Café Owners and jointly participated in an interactive session on cyber café security and management.

The event was attended by key officials of Kochi City Police and the Cyber Crime Investigation Cell.

It was organised with the objective of making café owners aware of the misuse of cyber space in various anti-national and criminal activities and the problems faced by stakeholders in dealing with such crimes.

Mr George Varghese, Dep-

uty Commissioner of Police, Kochi City Police, said that Clinkck Cyber Café Manager is an initiative from Ideacts Innovations to ensure cyber cafes do a smooth, secure and safe business and help in national security.

With the launch of the Clinck Cyber Cafe Manager, cyber cafes can now capture all relevant café visitor data easily and it is a free of cost application.

Mr Krishna Swami, Head - Operations (South and East), Ideacts Innovations, said that with cyber cafes contributing to 47 per cent of access point for Internet usage in India, they have emerged as hot spots for cyber crimes and hence, securing them is important.
